## KEYNOTE 1: Joe Grand aka Kingpin

Joe Grand (aka Kingpin) is an electrical engineer, hardware hacker, and president of Grand Idea Studio, Inc. He is a former member of the legendary hacker collective L0pht Heavy Industries and has spent almost two decades finding security flaws in hardware devices. Joe was a co-host of 'Prototype This' on Discovery Channel.

## KEYNOTE 2: Rop Gonggrijp

Rop published the 'techno anarchist' magazine 'Hack-Tic' from 1989 to 1993 and was co-founder of XS4ALL (one of the first and most outspoken ISPs in Europe), security consulting firm, ITSX and CryptoPhone (a secure mobile communications device). Since 2006 he has dedicated his time to fighting the use of electronic voting machines.
